Virtual Groups™

Candid Color Systems® has a patented **Virtual Group™** process to create group photos from individual images. Whether it's a team of 8 or a graduating class of 300, CCS has a design and layout that will work! Photograph subjects using chroma key for an extremely cost-effective and FAST product. Customize our designs with logo, team/group name, colors, year and mascots! You can also add individual names at the bottom of the image at no additional charge. (It's super easy with our builder in CORE!)
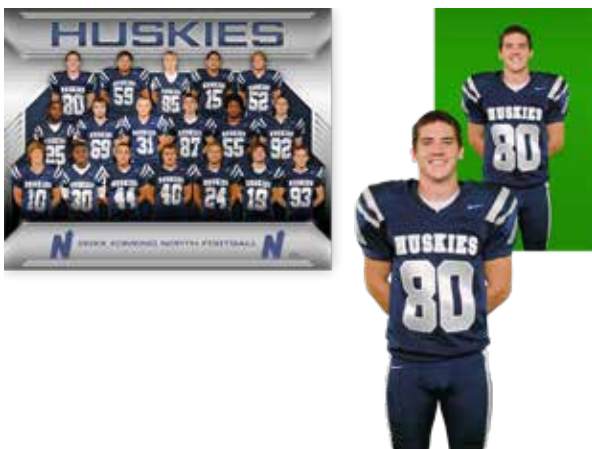

Advantages to using Virtual Groups™:
- more portrait opportunities
- a great booking tool
- doesn't require much space or time
- doesn't require field, court & rink time
- ensures that every subject is in focus
- allows consistent head-sizing
- each person equally visible & smiling
- groups do not even need to be together at the same time!
